KS3 Curriculum Pathways**

Harbour

Our Harbour pathway provides our highest level of support for students with multiple and complex needs. Students in these classes follow a bespoke curriculum, based on the engagement model, that blends essential life skills with creative and physical activities, as well as community engagement and SEMH support. This bespoke programme includes:

- Life Skills
- Personal, Social, and Health Education (PSHE)
- Music
- Physical Education (PE)
- Sensory and emotional regulation activities
- Therapeutic Interventions
- Executive Functioning Skills

Alongside these, we maintain a focus on core academic learning, including English, maths and reading. Our overarching goal is to facilitate the smooth transition of our Harbour provision students into the mainstream school environment, joining age-appropriate classes.

Navigator

Navigator pathway represents the support we provide for year 7 students to ensure successful transition to secondary. Students follow the National Curriculum, adapted to meet their unique needs. We offer a secondary curriculum that closely mirrors mainstream education but is delivered in small, nurturing classes and specialist staff. Student's Social, Emotional and Mental Health needs are supported by our Personal Development curriculum based on the Executive Functioning skills. All students are able to practice the application of these skills in weekly enrichment opportunities as part of our curriculum offer.

Our comprehensive curriculum encompasses:

- Core subjects (English, Mathematics, Science)
- Foundation subjects (History, Geography, Art, etc.)
- Statutory subjects (Religious Education, P.E. Relationships and Sex Education)

A key feature of this pathway is the integration of therapeutic interventions, which play a crucial role in supporting our students' holistic development. These include:

- Art Therapy, Music Therapy, Equine Therapy, Pet Therapy, Aromatherapy

These therapies offer unique opportunities for our students to develop emotional regulation, build confidence, and improve social skills .

Voyager

Voyager pathway provides our core educational offer for Key Stage 3. Students follow the National Curriculum, adapted to meet their unique needs. We offer a secondary curriculum that closely mirrors mainstream education but is delivered in small, nurturing classes and specialist staff.

Our comprehensive curriculum encompasses:

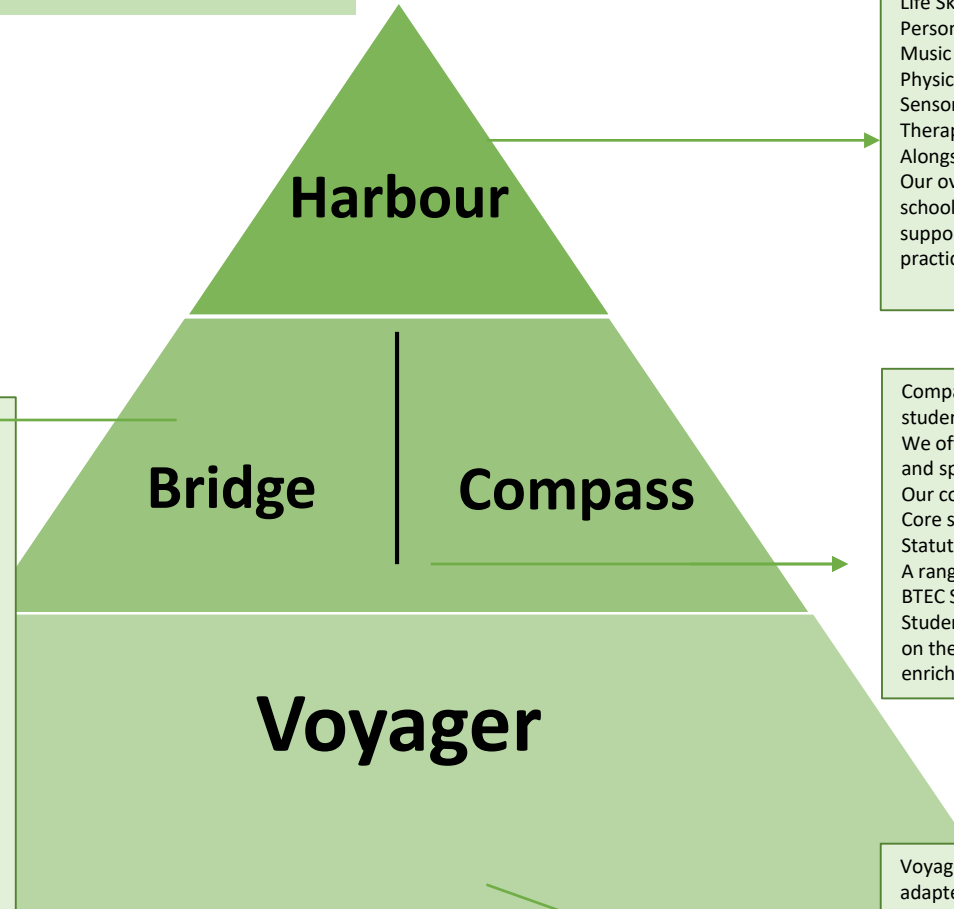

- Core subjects (English, Mathematics, Science)
- Foundation subjects (History, Geography, Art, etc.)
- Statutory subjects (Religious Education, Relationships and Sex Education)

Student's Social, Emotional and Mental Health needs are supported by our Personal Development curriculum based on the Executive Functioning skills. All students are able to practice the application of these skills in weekly enrichment opportunities as part of our curriculum offer.
